The Tour

Norway is home to some of Europe's most spectacularly beautiful landscapes. From its dramatic coastline and dazzling natural wonders, to its cosmopolitan cities and traditional towns, it is a country of contrasts. Visit with us this country of outstanding natural beauty and see crystal clear fjords, including the Geiranger Fjord and the Nærøyfjord, both UNESCO World Heritage Sites, dramatic waterfalls, majestic mountains, and spectacular glaciers. Drive along the historic Trollstigen road, Norway's most visited tourist road with its 11 hairpin bends up a steep mountainside and be rewarded with breathtaking viewpoints. Enjoy a boat trip on one of the Fjords or a train ride on the Flam railway, often described as the world's most incredible train journey. We also visit the cities of Bergen, Stavanger and, of course, the Capital Oslo where you can experience their vibrant cultural life.
